## Midnight Rodeo Instructors

### Michelle Jackson

Michelle is a line dance instructor/choreographer, and the founder of Dance FUNatics in the Boston area. She has been dancing for over ten years and teaching for nine. Michelle has been running Dance FUNatics since 2003, and in 2005, she formed the Dance FUNatics Demo Crew to promote line dancing in NE through performances at local venues.

### Bob Grundy

Bob Grundy found "line dance" in the early 1990's. He worked with Ed Blaine who was one of the best line instructors for "beginners". When Ed retired, the position was offered to Bob. He added another night of dancing for those that were not beginners. He likes to call each of his nights "niche nights", allowing all levels of dancers a "night". Bob is a licensed instructor through BMI, ASCAP and the ACA.

## Bobby Carlson and the Stones River Band

Stones River's influences stem from Tracy Bryd, George Strait to Sugarland to Dolly and you might even hear a little Delbert in the mix! Stones River sounds like what's happening today and a little of yesterday. Band 9-12:30
